Adaptations & Repairs Service

Free help & advice
to repair or adapt your
home to suit your needs

Available to home owners and
private tenants aged 60 and over
or 50 with a disability

Adaptations & Repairs Service

We offer a free and confidential service to those who need advice and/or help in carrying out larger repairs to their home, maintenance, or wish to adapt it to suit changing needs.

Adaptations

Stairlift

All of us at some time may need to think about making changes to our homes either as we get older or because of disability. Care & Repair make sure there are no barriers to you getting the right adaptation and where possible, financial support.

This might be for a stairlift,

ramp, adapting the bathroom with a wet floor shower or a larger project including a ground floor bathroom or bedroom.

We work closely with East Lothian Council to identify the best solution and will guide you through the process offering assistance as you require it. Practical help with drawings, building work, contractors, permissions, grants and charitable funding.

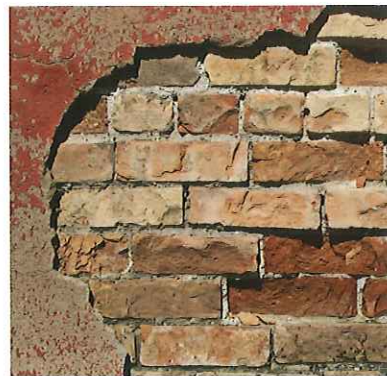

Wet floor shower

If you are not looking for a grant or financial assistance, but want some experienced adaptation advice and assistance, Care & Repair will be able to help you.

Repairs

Housing repairs can be daunting, however our experienced staff are here to offer advice and act on your behalf. We promise to explain clearly and in plain English what your options are, and will assist you through the process to solve your repair problem.

Whether it is dry rot, dampness, a leaking roof or window disrepair, we can organise the complete project for you, and all without charge for our service!

Contractors information

If you have a minor repair and just need the name of, for example, a plumber or decorator, we will offer you details from our contractor's list. Plus, working in conjunction with East Lothian Council, we can also offer names from their Trusted Traders list.
