Message from the Chair

"East Lothian Care & Repair Charitable Trust is very proud to be part of the Care & Repair family in East Lothian.

The Trust in East Lothian is truly unique in Scotland and very special. Created to support clients of Care & Repair who need repairs or adaptations to their home, but do not have funds to meet the necessary payments. These may be small amounts but may make the difference to works going ahead.

In its' Review of Care & Repair projects in 2009 the Scottish Government said about the East Lothian Trust: 'Works funded through the Trust would not take place if the Trust was not in operation ... It allows people to continue to live in their own home with an improved quality of life.'

We are a small organisation, dependent on fundraising and donations, but we make a big difference to the most vulnerable local people in a straightforward practical way!"

East Lothian Care & Repair Charitable Trust

Where does the money go?

Awards granted by the Trustees typically go towards the cost of adaptation work such as wet floor showers, stairlifts and ramps. This in turn allows our clients to be able to remain in their own home and community for as long as possible.

"...couldn't have had the stairlift fitted without the contribution..."

Mr B – Care & Repair Client

"Care & Repair are delighted to have the support of East Lothian Care & Repair Charitable Trust. It is wonderful that, through this charity, our clients can contribute to help support others and alongside excellent fundraising efforts from our trustees, make such a difference to the quality of life of East Lothian residents. A really holistic approach by the community. Thank you."
